Armistice Day Celebration.

Despite leaden clouds, a biting northeast wind and a cold, sodden earth, the celebration here in commemoration of the second anniversary of the signing of the armistice that brought the great World War to a close was a pronounced success from whatever angle viewed.

Visitors began pouring into town at an early hour and continued to come until late in the afternoon, all anxious to take part in, or view as spectators, back in line ready for battle. the many events that had been staged for their amusement and pleasure.

lyminons for a New Stomach

One of the greafest American million aires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new s'omach," and then the sick man grouned and turned away. All his wealth could not make him hapty or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great; part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y .. years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily procured at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it new!

Mansfield-Wurzbach.

A pretty wedding took place Wednesday evening, October 27th, at 3:00 o'clock, when Miss Elvira Wurzbach became the bride of Mr. Nathanial E. Mansfield, at the home of the bride's parents.

The reception rooms were beautiful in their decorations of pink and green and ferns, intermingled with white wedding bells. The contracting parties entered to the strains of a pretty wedding march, played by Mrs. Elsie Zuckermann, in the following order: Matron of honor, Mrs. A. N. Mangold, Miss Obenette Williamson with Milton Wurzbach, Miss Hazel Muckenfuss with Alyin Wurzbach; then came Miss Louis Jahn, maid of honor, and the ring bearer, little Miss Jennette Merritt, followed by the bride on the arm of her father. In the room, the bride and her attendents were met by the groom and his best man, Mr. Barney Mansfield. The marriage ceremony was performed by Rev. A. Heckmann in a solemn and impressive manner.

After the ceremony supper was served on the spacious lawn, where tables had been arranged, and which had been lighted with Japanese lanterns.

The bride was dressed in white silk georgette, trimmed in real lace. Her veil was caught up with orange blossoms and she carried a beautiful bouquet of white chrysanthemums. The matron of honor was dressed in old-rose silk georgette and car-Mr. and Mrs. Willie Bourquin ried a bouquet of pink carnations. The maid of honor and E. B. Haegelin was here from the two bridesmaids wore peach colored taffeta and each carried a bouquet of pink roses.

The bride is the youngest Wurzbach of Cliff and is well and favorably known over the eastern part of Medina County. and Mr. Mansfield can be congratulated upon winning so lovely a bride.

The groom is a prosperous young stockman and counts his friends by his acquaintances.

Mr. and Mrs. Mansfield will make their home about ten miles west of San Antonio.

Let us show you what an exquisite thing a phonograph cabinet can be.

Every New Edison on our floor—no matter what its price—is encased in a genuine period cabinet.

Period Furniture is the world's most exquisite development of furniture. It originated in the 16th, 17th, and 18th Centuries. Europe was ruled by a Gorgeous Aristocracy. Fine living was the ideal of the day. An unparalleled race of artists, architects, and designers built palatial living-places for kings and nobles, and furnished them. The palaces of the nobility became treasure-houses of fine

furniture. It was called the "Golden Age of Furniture."

So Mr. Edison had his designers go back into the manor houses of England, the chateaux of France and the castles of Italy. They adapted 17 designs from historic masterpieces. They preserved entire "the character and feeling of the best periods" in these superb phonograph cases for the modern American home.

No matter which Edison cabinet you choose, you get both the arts that make your house a cultured home music perfectly Re-Created and furniture of purest period source. What finer gift for all the family?
